What happens on premium discontinuance or surrender?

- **Premium discontinuance by individual member within the lock-in period of first five member-contract years**

If the due premiums are not paid within the grace period, a revival notice will be sent to the individual member within fifteen days from the date of expiry of the grace period to such a member.

The individual member shall be entitled to exercise one of the following options:

- ▶ Revive the policy within two years
- ▶ Complete withdrawal from the policy without any insurance benefit

The member has to exercise any one of the options within 30 days from the date of receipt of the revival notice. During this period, the policy will be treated as in-force with insurance benefits intact, base as well as accidental death benefit.

If the member opts to revive the policy, the policy continues with all the benefits. We will credit the interest amounts and debit the applicable charges.

If the individual member exercises the option of withdrawal or does not exercise any option, the balance in the Policy Account (after crediting interest amounts and debiting charges, as applicable) less applicable discontinuance charges will be switched to segregated Discontinued Policy Account (DPA). The insurance benefit and accidental death benefit ceases immediately. Only Fund Management Charges of 0.50% for the Discontinued Policy Account (DPA) will be deducted from the Discontinued Policy Account. The income earned on the Discontinued Policy Account (DPA) shall be apportioned to the Discontinued Policy Account (DPA) value with the minimum guaranteed interest rate of 4% p.a. on DPA.
