Benefits in Detail

This is an optional rider that can be opted along with the non-linked base plans, which provides for financial compensation in case of unfortunate event of an accident leading to total and permanent disability or death within 180 days from the date of accident

• **Accidental Death Benefit**

In an unfortunate event of the death of the life insured due to an accident within 180 days of the occurrence of an accident, in addition to the death benefit under the base plan, an additional benefit equal to the rider sum assured shall be payable under this policy provided the rider benefit has been in-force at the time of accident.

An accident for the purpose of this rider is defined as a sudden, unforeseen and involuntary event caused by external, visible and violent means.

“Accidental Death” means that the life assured sustains any bodily injury resulting solely from an accident and where such injury solely and directly and independently of all other causes results in the death of the

life assured within 180 days of its occurrence. The exclusions with respect to the benefit are as mentioned in the Terms & Conditions 4.

- **Accidental Total and Permanent Disability Benefit**

In the event of the total and permanent disability due to an accident within 180 days from the occurrence of the accident, an amount equal to the rider sum assured shall be payable in equal annual installments over a 10 years period under this policy. During the period of installment payment, the rider policy cannot be surrendered. In the event of death of the life assured during the period of installment payment (i.e. within 10 years period), the outstanding installment payments, if any, shall be payable.

The first installment shall be payable on acceptance of the claim, and the remaining annual installments on the anniversaries of the date of payment of the first installment. Upon successful acceptance of the claim, the Rider Policy will cease and the rider sum assured shall be payable in equal annual installments over a 10 years period. The Policyholder is required to continue paying the premiums of the base plan and other riders, if any.

In case the total and permanent disability is not established within 180 days from the date of accident and premiums have not been paid, the policy will lapse and non-forfeiture provisions mentioned in non-forfeiture conditions section will be applicable.

Once the policyholder is declared eligible to receive the benefits under Accidental Total and Permanent Disability, the coverage under this rider will cease immediately.

If accident occurs during the rider term and the rider is in-force at the time of accident, and death/disability caused directly by such accident and independent of all other causes within 180 days of the accident, accidental death benefit/accidental total and permanent disability benefit shall be payable even if the death/disability occurs after end/lapse of the base or rider policy term.

“Accidental Total and Permanent Disability” means that the life assured has solely and directly as a result of an accident suffered the following for at least 180 days:

- i. total and irrecoverable loss of the sight of both eyes, or
- ii. loss by severance of two limbs at or above wrist or ankle, or
