Loading on premium will be applicable as per the table below

Mode	Loading on Premium
Yearly	Nil
Half-yearly	2%

► High Sum Assured Rebate

High Sum Assured Rebate is offered under the Plan as mentioned in the table below

	10	20	30	40	50
Less than 2.5 lac	Nil	Nil	Nil	Nil	Nil
2.5 lac and above	2%	3%	4%	5%	6%

► Grace Period for Payment of Premiums

There is a grace period of 30 days applicable from the due date of payment of premiums if the premium payment mode is Yearly, Half-yearly or Quarterly. In case the premiums are paid in monthly mode, then the grace period applicable is of 15 days.

► Premium Discontinuance

If you discontinue the payment of premiums, your Policy will either lapse or become Paid-up as explained below:

► Lapse

If the first Annualised Premium is not paid in full then policy lapses at the end of the grace period and the insurance cover will cease immediately. In such a scenario, no benefits will be paid if the Policy is not revived within the revival period.

If at least the first Annualised Premium is paid in full and the first two years (for policies with premium paying term of less than 10 years), or first three years (for policies with premium paying term of 10 years and above) Annualised Premiums are not paid in full before the end of the grace period then the insurance cover will cease at the end of the grace period. In this case the Policy will acquire a Surrender Value which will be payable only after the completion of three Policy Years or at the end of the revival period, whichever is later. Refer to the surrender section for details on Surrender Value. In such a scenario, no other benefits will be paid if the Policy is not revived within the revival period.

► Paid-up

If the Policy has acquired Special Surrender Value and no future premiums are paid, your Policy acquires a Paid-up status and your Sum Assured will be reduced to Paid-up Sum Assured.

The Sum Assured will be reduced to Paid-up Sum Assured in the following manner:

$\text{Paid-up Sum Assured} = \text{Sum Assured} \times (\text{Number of premiums paid} / \text{total number of premiums payable})$

The subsequent death benefit, Regular Monthly Payouts, Money Back Benefits and Guaranteed Maturity Addition will be based on Paid-up Sum Assured.

► Revival

A policy in a Paid-up or lapsed condition can be revived within a period of two years from the due date of the first unpaid premium but before the maturity date by paying the arrears of premium(s) along with interest at the rate of 9% p.a. The revival of the Policy is subject to satisfactory medical and financial underwriting. The revival is subject to the Company's Board approved underwriting policy, i.e. the Life Assured may have to undergo medical test, etc. The Company reserves the right to revise the applicable interest rate from time to time depending on the economic environment, experience and other factors.

► Surrender

We provide you the option to surrender your Policy and receive the Surrender Value. The Surrender Value payable is higher of the Guaranteed Surrender Value or Special Surrender Value of the policy. The Policy will acquire a Surrender Value provided the first Annualised Premium is paid in full. If the first Annualised Premium is paid in full and the Policy is surrendered before the completion of three Policy Years, the applicable Surrender Value will be payable only after the completion of three Policy Years.

In such a scenario, in case of death of the Life Assured before the completion of three Policy Years, the applicable Surrender Value will be paid.

► **Guaranteed Surrender Value (GSV):** The GSV shall be equal to GSV factor multiplied by total premiums paid less survival benefits paid till date, if any. The details of GSV factors are given in the Policy document.

► **Special Surrender Value (SSV):** The Special Surrender Value is an amount equal to the Surrender Value factor multiplied by the Paid-up Sum Assured.

The Company reserves the rights to change the method of calculation of SSV and the basis from time to time depending on the economic environment, experience and other factors, subject to IRDAI approval. The details of current Special Surrender Value factors are given in the Policy document.

The Special Surrender Value will be applicable in the following manner:

- For PPT of less than 10 years: If all Annualised Premiums have been paid for at least first two consecutive years.
- For PPT of 10 years or more: If all Annualised Premiums have been paid for at least first three consecutive years.

Note: If the Policy is surrendered, it cannot be reinstated. The Policy will be terminated once it is surrendered.
