» **Surrender**

It is advisable to continue your Policy in order to enjoy its full benefits. However, we understand that in certain circumstances you may need to surrender your Policy.

The policy shall acquire a Surrender Value:

- i. **For premium payment term of 5 and 7 years: If premium for first 2 Policy Years have been paid in full.**
- ii. **For premium payment term of 10 years: If premium for first 3 Policy Years have been paid in full.**

The Surrender Value payable is higher of the Guaranteed Surrender Value or Special Surrender Value of the Policy.

a) **Guaranteed Surrender Value (GSV):**

The Guaranteed Surrender Value (GSV) will be acquired in the following manner:

Guaranteed Surrender Value = Total premiums paid excluding premium towards Goods and Service Tax, rider and underwriting extra, if any, less Accrued Fixed Regular Additions already paid x GSV Premium Factor **Plus**

Cash value of Accrued Fixed Regular Additions

Where, Cash value of Accrued Fixed Regular Additions = Accrued Fixed Regular Additions x GSV Addition Factor

The details of GSV Premium Factor and GSV Addition Factor are provided in the Policy Document.

b) **Special Surrender Value (SSV):**

The Special Surrender Value will be based on the expected present value of Guaranteed Sum Assured on Maturity and expected present value of Accrued Fixed Regular Additions applicable at the time of surrender.

We will provide the Special Surrender Value factors, as approved by the IRDAI, from time to time and will be made available at request of the policyholder.

The Surrender Value payable is higher of the Guaranteed Surrender Value or Special Surrender Value of the Policy.

The Policy will be terminated once it is surrendered and cannot be reinstated.

» **Paid-up**

If the policy has acquired Surrender Value and no future premiums are paid the policy may continue as Paid-up and the benefits would be reduced as given below:

Benefit	Payout
Death Benefits under Paid-up status	Sum Assured on death x Paid-up Factor Plus Accrued Fixed Regular Additions
Fixed Regular Additions at start of last Policy Year	All Fixed Regular Additions payable x Paid-up Factor
Maturity Benefits under Paid-up status	Guaranteed Sum Assured on maturity x Paid-up Factor

Paid-up Factor = Number of premiums paid / total number of premiums payable

Once the Policy becomes Paid-up:

The current rate of interest is 9% p.a. and is subject to change from time to time. Revival of the policy and riders, if any, is subject to Board approved underwriting policy, i.e., the Life Assured may have to undergo medical test, financial underwriting etc.

The Company reserves the right to revise the applicable interest rate from time to time depending on the economic environment, experience and other factors.

On revival, the policy will be eligible for Fixed Regular Additions and Fixed Maturity Addition as per the original contract.
