### Benefits in detail

#### • Money Back Benefits

Guaranteed Money Back Benefits as a percentage of Sum Assured will be paid during the last 5 Policy Years as per the table given below, irrespective of survival of the Life Assured.

Policy Term	15 Years	20 Years	Money Back Benefits (as a percentage of Sum Assured)
End of Policy Year	11	16	15%
	12	17	15%
	13	18	15%
	14	19	15%
	15	20	40%

Company's Board approved underwriting policy i.e., the Life Assured may have to undergo medical test, etc.

The revival period is a period of 2 years from the due date of the first unpaid Regular Premium or maturity date of the base policy, whichever is earlier.

#### » Surrender

We understand that there are financial emergencies and to honour such needs we provide the Surrender Value. The Surrender Value will depend on the year of surrender, the Policy Term and premium paying term chosen. Acquired Surrender Value is payable only after completion of first 3 Policy Years, even if the Policy is eligible for surrender and the surrender request is received before completion of 3 Policy Years.

In such scenario, in case of death of the Life Assured before the completion of 3 Policy Years, the applicable Surrender Value will be paid.

The Surrender Value payable is higher of the Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV) as given below:

##### i. Guaranteed Surrender Value (GSV)

Policy will acquire GSV only if first Annualised Premium have been paid.

Guaranteed Surrender Value is GSV factor multiplied by the total premiums paid, excluding rider premiums and extra premium paid, if any, less any survival benefits already paid. The GSV factor can range from 15% to 85% of the premiums paid and is based on number of completed Policy Years for which the full premiums have been paid and the Policy Term. The details of Guaranteed Surrender Value Factor are given in the Policy document.

##### ii. Special Surrender Value

The Special Surrender Value is an amount equal to the Surrender Value Factor multiplied by the Paid-up Sum Assured.

The Company reserves the right to change the Special Surrender Value Factor from time to time depending on the economic environment, experience and other factors, subject to IRDAI approval. The details of the current Special Surrender Value Factors are given in the Policy document.

Note: The Policy will be terminated once it is surrendered and cannot be reinstated.

» Paid-up

**For policies with a premium payment term of less than 10 years:** After paying premiums for at least the first 2 full Policy Years, if the Policyholder discontinues paying further premiums then the Policy will acquire a Paid-up status.

**For policies with a premium payment term of 10 years or more:** After paying premiums for at least the first 3 full Policy Years, if the Policyholder discontinues paying further premiums then the Policy will acquire a Paid-up status.

For a Paid-up policy the benefits under the Base Plan will be modified as mentioned below:

- i. The Sum Assured under the Base Plan will be reduced as given below:  

$$\text{Paid-up Sum Assured} = \text{Sum Assured} \times (\text{Number of premiums paid} / \text{total number of premiums payable})$$
- ii. The inbuilt Accidental Death Benefit and inbuilt Waiver of Premium Benefit, if any, will cease immediately, once the Policy acquires a Paid-up status.
- iii. There will not be any changes in the Guaranteed Loyalty Additions accrued up to the date the Policy is made Paid-up.
- iv. Once the Policy becomes Paid-up, further Guaranteed Loyalty Additions will be accrued as a percentage of the Paid-up Sum Assured. Any accrued Guaranteed Loyalty Additions will be paid either on surrender or on maturity, whichever is earlier.
- v. No Guaranteed Maturity Addition will be payable for a Paid-up policy.
- vi. On death of the Life Assured, the Paid-up Sum Assured is paid, irrespective of how many periodic lump sum benefits have already been paid.

» Revival

A policy in a lapsed or Paid-up condition can be revived during the revival period by paying the arrears of premiums along with interest at the prevailing rate of interest. The current rate of interest is 9% p.a. and is subject to change from time to time.

On revival of the Policy, the Policy will be eligible for future Guaranteed Loyalty Additions and Guaranteed Maturity Addition. All due Guaranteed Loyalty Additions will also be added to the Policy. The revival of the Policy will be subject to satisfactory medical and financial underwriting of the Company. The revival is subject to

• Maturity Benefit †

At the end of the Policy Term, irrespective of survival of the Life Assured, the following two benefits will be paid:

For example

Policy Year	Accumulated Guaranteed Loyalty Additions (as a percentage of Sum Assured)
5	10%
10	20%
15	30%
20	40%

» Guaranteed Maturity Addition

Guaranteed Maturity Addition will be paid on maturity provided the Policy is not Paid-up.

The Guaranteed Maturity Addition is expressed as a percentage of Sum Assured and depends on the Policy Term as given in the table below:

Policy Term (Years)	Guaranteed Maturity Addition (as a percentage of Sum Assured)
15	15%
20	20%

• Death Benefit †

In case of unfortunate demise of the Life Assured during the Policy Term, provided the Policy is in-force as on the date of death, the nominee shall receive the following benefits
