Flexible Premium Payment Modes

You have an option to pay premiums either Yearly, Half-yearly, Quarterly or Monthly. Quarterly and monthly modes are allowed only if the premiums are paid electronically. For monthly mode, first 2 months premiums will be collected in advance at the time of issuance of the policy.

Loading on premium will be applicable as per the table below:

Mode	Yearly	Half-yearly	Quarterly	Monthly
Modal Factor	1	1.02	1.04	1.09

You can pay advance premium for the policy provided due premiums are collected in the same financial year.

Grace Period for Payment of Premiums

If you are unable to pay your premium by the due date, you will be given a grace period of 30 days (15 days for monthly mode). During the grace period the policy shall continue to remain in force along with all benefits under this policy and claim, if any, shall be payable subject to deduction of the unpaid due premium.

Premium Discontinuance

If you discontinue the payment of premiums, your Policy will either lapse or become Paid-up as explained below:

Lapse

- i. **For premium payment term of 5 and 7 years:** If the premiums for the first 2 policy years are not paid in full, the policy lapses at the end of the grace period and the insurance cover and rider benefits, if any, will cease immediately. No benefits will be paid when the policy is in lapsed status.
- ii. **For premium payment term of 10 years:** If the premiums for the first 3 policy years are not paid in full, the policy lapses at the end of the grace period and the insurance cover and rider benefits, if any, will cease immediately. No benefits will be paid when the policy is in lapsed status.

Surrender

It is advisable to continue your Policy in order to enjoy its full benefits. However, we understand that in certain circumstances you may need to surrender your Policy.

The policy shall acquire a Surrender Value:

- i. **For premium payment term of 5 and 7 years:** If premium for first 2 policy years have been paid in full.
- ii. **For premium payment term of 10 years:** If premium for first 3 policy years have been paid in full.

The Surrender Value payable is higher of the Guaranteed Surrender Value or Special Surrender Value of the policy.

a) Guaranteed Surrender Value (GSV):

The Guaranteed Surrender Value (GSV) will be acquired in the following manner:

Guaranteed Surrender Value = Total premiums paid excluding premium towards Service Tax, rider and underwriting extra, if any, less Accrued Fixed Regular Additions already paid x GSV Premium Factor

Plus

Cash value of Accrued Fixed Regular Additions

Where, Cash value of Accrued Fixed Regular Additions = Accrued Fixed Regular Additions x GSV Addition Factor

The details of GSV Premium Factor and GSV Addition Factor are provided in the Policy Document.

b) Special Surrender Value (SSV):

The Special Surrender Value will be based on the expected present value of Guaranteed Sum Assured on Maturity and expected present value of Accrued Fixed Regular Additions applicable at the time of surrender.

We will provide the Special Surrender Value factors, as approved by the IRDAI, from time to time and will be made available at request of the policyholder.

The Surrender Value payable is higher of the Guaranteed Surrender Value or Special Surrender Value of the policy.

The policy will be terminated once it is surrendered and cannot be reinstated.

Paid-up

If the policy has acquired Surrender Value and no future premiums are paid the policy may continue as Paid-up and the benefits would be reduced as given below:

Benefit	Payout
Death Benefits under Paid-up status	Sum Assured on death x Paid-up Factor Plus Accrued Fixed Regular Additions
Fixed Regular Additions at start of last policy year	All Fixed Regular Additions payable x Paid-up Factor
Maturity Benefits under Paid-up status	Guaranteed Sum Assured on maturity x Paid-up Factor

Paid-up Factor = Number of premiums paid/total number of premiums payable

Once the policy becomes Paid-up:

- i. Any rider benefits will cease immediately once the policy acquires a Paid-up status.
- ii. The policy will be terminated once the benefit is paid i.e., on death, on surrender or at maturity.

Revival

You can revive your Policy and the riders for its full coverage within two years from the due date of the first unpaid premium but before policy maturity, by paying all outstanding premiums together with the interest, as declared by us from time to time. The current rate of interest is 9% p.a. and is subject to change from time to time. Revival of the policy and riders, if any, is subject to Board approved underwriting policy, i.e., the Life Assured may have to undergo medical test, financial underwriting etc.

The Company reserves the right to revise the applicable interest rate from time to time depending on the economic environment, experience and other factors.

On revival, the policy will be eligible for Fixed Regular Additions and Fixed Maturity Addition as per the original contract.

If a lapsed policy is not revived within the revival period, the policy will be terminated with no benefits payable. A terminated policy cannot be reinstated.
