Reliance Super Golden Year Plan – Plus

There will come a day when you will hang up your boots and relax. But in order to achieve that ultimate stress free mind set for your autumn years, it is important that you plan now! Fulfill your dream of building up a minimum desired retirement fund which will ensure the independence you deserve.

A world tour? Golf? Starting a small business or simply spending more time with your family? Whatever your plans might be, the preparation starts today!

Reliance Super Golden Years Plan Plus is the right kind of solution for you! It is a retirement plan that allows you to save systematically, build up the much needed corpus to make your golden years special, while ensuring a basic minimum amount collected, should the unthinkable happen before you achieve your dreams.

Under this Plan the investment risk in the investment portfolio is borne by the Policyholder.

Key Features

- It is a flexible unit-linked pension product different from traditional products with vesting age between 45 & 64 years
- Invest systematically and secure your golden years
- Eight different investment funds to choose from
- Choose to switch between funds
- Tax free commutation of up to one third of fund value at vesting age
- Optional Reliance Term Life Insurance Benefit Rider, Reliance Accidental Death and Total and Permanent Disablement Rider, Reliance Major Surgical Benefit Rider, Reliance Critical Conditions (25) Rider.

How does this plan work?

The plan works in two stages:

- a) the accumulation stage also called the policy term during which you pay regular premiums and top-ups (if you choose to) which are invested in funds of your choice to build up the desired Fund Value and,
- b) the distribution stage, beginning the vesting date, during which you apply the Fund Value you have built up till the vesting date to receive annuity payments from the annuity provider of your choice.

Currently Reliance Life Insurance offers the following types of annuities:

1. Life annuity
2. Life annuity with return of purchase price on death. Purchase Price is the amount of Fund Value used to purchase an annuity.
3. Life Annuity guaranteed for 5, 10 or 15 years and payable for life thereafter

The range and types of annuities available with Reliance Life Insurance Company Limited change from time and to time and you may purchase the options available at the time of your annuity purchase.

Further, this plan also provides you with Life Insurance Cover which is critical during the years when you are still paying the premiums to build up your desired Fund Value. The Life Insurance Cover will guarantee payment of a minimum amount on your death, through out the policy term.

You chose the amount of this Life Cover i.e. the Sum Assured at the inception of the plan.

What are the benefits available with Reliance Super Golden Years Plan - Plus?

The primary benefit is the access to the proven investment management skills of Reliance Life Insurance Company Limited.

Our investment managers will invest your funds in the fund options of your choice depending on your risk - return appetite and assist you in building up your Fund Value for retirement.

Further, in the event of your unfortunate demise during the policy term, the policy pays a guaranteed death benefit equal to the Sum Assured you chose, Subject to maximum of 50 times of the Annualised Premium plus your Fund Value as at the date of your death to your nominee(s).

The beneficiaries may choose to utilize the death benefit in any manner whatsoever including the purchase of annuity plan(s).

On your survival up to the Vesting date, the policy pays you the built up Fund Value as at the vesting date.

This survival benefit received may be used:

1. to purchase an annuity plan with the entire Fund Value or,
2. to commute up to one third of Fund Value as tax free lump sum and to purchase an annuity plan with the balance Fund Value.

Open Market Option - The annuity plan referred to above may be purchased from Reliance Life Insurance Company Limited (Reliance Life Insurance) or from any other registered life insurance company.

Rider Benefits:

The following optional riders are available on payment of additional premium over and above the basic premium provided conditions on riders (entry age, policy term, sum assured) are satisfied. These rider benefits can be selected on commencement of the policy or on any policy anniversary during a policy term.

The sum of rider premiums should not exceed 30% of the premiums paid under Basic Plan.

When the basic plan terminates, all the rider benefits attaching to the basic plan will also terminate.

1. **Reliance Term Life Insurance Benefit Rider:** Provide additional death benefit depending on the sum assured selected under the rider.
2. **Reliance Accidental Death and Total and Permanent Disablement Rider:** Provide additional death/disability benefit if the death/disability occurs as a result of an accident. Also, the Waiver of Premium benefit under the rider continues the plan in case of disability.
3. **Reliance Major Surgical Benefit Rider:** Provides lump sum amount to cover surgical expenses from a list of 33 surgeries including Open Heart surgery, Kidney Transplant, Cornea transplantation, Transplant of Lungs and many more.
4. **Reliance Critical Conditions (25) Rider:** Provides lump sum amount to take care of 25 critical conditions including Cancer, Heart Attack, Paralysis, Major Organ transplant and many more.

Note: Please refer to the rider brochure on rider benefits for more details.

What are the different fund options?

Reliance Life Insurance understands the value of your hard earned money. In order to make your money grow we currently offer investment fund options. You may choose to allocate your premiums in the fund options in a manner you wish to.

The eight fund options offered are:

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
Money Market Fund	The investment objective of the fund is to maintain the capital value of all contributions (net of charges) and all interest additions, at all times. The risk appetite is low.	Money market instruments incl. liquid mutual funds and bank deposits	100	100
Balanced Fund	The investment objective of the fund is to provide investment returns that exceed the rate of inflation in the long term while maintaining a low probability of negative returns in the short term. The risk appetite is defined as 'low to moderate'.	Debt Securities	0 - 100	80
		Equities	0 - 20	20
		Money market instruments incl. liquid mutual funds and bank deposits	0 - 100	0
Growth Fund	The investment objective of the fund is to provide investment returns that exceed the rate of inflation in the long term while maintaining moderate probability of negative returns in the short term. The risk appetitive is defined as 'moderate'.	Debt Securities	0 -100	60
		Equities	0 - 40	40
		Money market instruments incl. liquid mutual funds and bank deposits	0 - 100	0
Equity Fund	Provide high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is 'high'	Corporate bonds and other debt instruments/ Bank deposits/ Money market instruments.	0 -100	100
		Equities	0 - 100	0

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
Infra-structure Fund	Provide high rate of return in the long term through high exposure to equity investments in Infrastructure and allied sectors, while recognizing that there is a significant probability of negative returns in the short term. The risk appetite is high	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0-100	100
		Equities in Infrastructure and allied sector	0 - 100	100
Energy Fund	Provide high rate of return in the long term through high exposure to equity investments in Energy and allied sectors, while recognizing that there is a significant probability of negative returns in the short term. The risk appetite is high	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0 - 100	0
		Equities in Energy and allied sector	0 - 100	100
Midcap Fund	Provide high rate of return in the long term through high exposure to equity investments in Midcap companies, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is high	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0-100	0
		Equities predominantly in mid cap companies	0-100	100
Pure Equity Fund	The investment objective of the Pure Equity fund is to provide policyholders high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is 'high'	Equities in sectors other than banks and non-banking financial companies, breweries, distilleries, alcohol based chemicals, cigarettes, tobacco, entertainment, leather, sugar and hatcheries.	60-100	100
		Corporate bonds and other debt instruments/ Bank deposits/ Money market instruments	0-40	0

Whilst every attempt would be made to attain target levels prescribed above, it may not be possible to maintain the prescribed 'target' at all times owing to market volatility, availability of market volumes and other related factors. The 'target' may be attained on a 'best effort' basis. However, the asset allocation will always fall within the asset allocation range mentioned in respect of each fund.

Value of Units: The unit price of each fund will be the unit value calculated on a daily basis.

Total Market Value of assets plus/less expenses incurred in the purchase/sale of assets plus Current Assets plus any accrued income net of fund management charges less Current Liabilities less Provision

Unit Value=

 Total Number of units on issue (before any new units are allocated/ redeemed)

Allocations (premium allocations, switch in)

In case of new business, units shall be allocated on the day proposal is completed and results into a policy by adjustment of application money towards premium.

In the case of renewal premiums, the premium will be adjusted on the due date, whether or not it has been received in advance. (This assumes that the full stipulated premium is received on the due date.) Renewal premiums received in advance will be kept in the deposit account and will not earn any returns until the renewal premium due date on which the same will be applied to the unit funds.

- i) In respect of renewal premiums/funds switched received up to 3.00 p.m. by the insurer along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing NAV of the day on which premium is received shall be applicable.
- ii) In respect of renewal premiums/funds switched received after 3.00 p.m. by the insurer along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing NAV of the next business day shall be applicable.
- iii) In respect of renewal premiums received with outstation cheques/demand drafts at the place where the premium is received, the closing NAV of the day on which cheques/demand draft is realized shall be applicable.
- iv) For advance renewal premium the closing NAV of the due date is applicable.

Any amount less than the due stipulated regular premium payable stated in the contract will not be accepted.

Redemptions:

- i) In respect of valid applications received (e.g. surrender, maturity claim, switch out etc) up to 3.00 p.m. by the insurer, the same day's closing NAV shall be applicable.
- ii) In respect of valid applications received (e.g. surrender, maturity claim, switch etc) after 3.00 p.m. by the insurer, the closing NAV of the next business day shall be applicable.

Fund Valuation:

The value of the fund will be equal to the no of units multiplied by the Net Asset Value (NAV) of each unit in the fund.

The computation of NAV will be based on whether the Company is purchasing (appropriation price) or selling (expropriation price) the assets in order to meet the day to day transactions of unit allocations and unit redemptions i.e. the Company shall be required to sell/purchase the assets if unit redemptions/allocations exceed unit allocations/redemptions at the valuation date.

The Appropriation price shall apply in a situation when the company is required to purchase the assets to allocate the units at the valuation date. This shall be the amount of money that the company should put into the fund in respect of each unit it allocates in order to preserve the interests of the existing policyholders.

The Expropriation price shall apply in a situation when the company is required to sell assets to redeem the units at the valuation date. This shall be the amount of money that the company should take out of the fund in respect of each unit it cancels in order to preserve the interests of the continuing policyholders.

Computation of Net Asset Value (NAV):

When Appropriation price is applied: The NAV for a particular fund shall be computed as: Market value of investment held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any new units are allocated), gives the unit price of the fund under consideration.

When Expropriation price is applied: The NAV for a particular fund shall be computed as: Market Value of investment held by the fund less the expenses incurred in the sale of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are redeemed), gives the unit price of the fund under consideration.

In case the valuation day falls on a holiday, then the exercise will be done the following working day.

We reserve the right to value less frequently than daily in extreme circumstances, where the value of the assets may be too uncertain. In such circumstances we may defer valuation of assets until normality returns. Examples of such circumstances are:

- a) When one or more stocks exchanges which provide a basis for valuation for a substantial portion of the assets of the fund are closed otherwise than for ordinary holidays

- b) When, as a result of political, economic, monetary or any circumstances out of our control, the disposal of the assets of the unit fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining unit holders.
- c) During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing unit holders of the fund.
- d) In the case of natural calamities, strikes, war, civil unrest, riots and bandhs.
- e) In the event of any force majeure or disaster that affects our normal functioning.
- f) If so directed by the IRDA.

Cancellation of units:

To meet fees and charges, and to pay benefits, the company will cancel sufficient units to meet the amount of the payments which are due. If units are held in more than one unit linked fund, then the company will cancel sufficient units in each fund to meet the amount of the payment. The value of units cancelled in a particular fund will be in the same proportion as the value of units held in that fund is to the total value of units held across all funds. For benefit payments and for fees and charges, the company will cancel the units on the date of such benefit payment or collection of charges..

The company may delay the allocation or cancellation of units to allow for the orderly purchase or sale of assets in the case of high value transactions either for a particular policy or for a unit linked fund as a whole.

The value of policyholder's unit account:

The value of a policyholder's unit account at any time is the number of units allocated to the contract at that time multiplied by the applicable unit price. If a policyholder holds units in more than one unit linked fund, then the value of the unit account for that policyholder is the total value across all unit linked funds.

What are the flexibilities available with Reliance Super Golden Years Plan - Plus?

Flexibility - to pay top ups: If you have received a bonus or some lumpsum money you can use that as a top-up to increase your investments at any time in your Policy only, where due basic regular premiums are paid up to date. The minimum Top up amount is Rs. 2,500. There is no restriction on the maximum amount of top-ups. However, the total top up premiums at any point of time shall not exceed 25% of the total basic plan premium paid till that time.

95% of any amount paid as top-up is allocated to your funds. The Sum Assured is not affected due to top-ups.

Flexibility - Switch between funds: Depending upon the performance of your funds you can switch between them. At any time the policy owner may instruct us in writing to

switch some or all of the units from one unit linked fund to another. The company will give effect to this switch by cancelling units in the old fund and allocating units in the new fund at the prevailing unit price.

In respect of switching requisition received up to 3.00 p.m. by the company, the closing unit price of the day shall be applicable. In respect of switching requisition received after 3.00 p.m. by the company, the closing unit price of the next business day shall be applicable. The policyholder is entitled to fifty two free switches each policy year. Unused free switches cannot be carried forward to a following year.

Flexibility - to advance your vesting age:

Subject to a minimum policy term of five years, you may choose to advance your vesting date. The earliest vesting date is age 45 years. The request for a advancing your vesting date should be received at least one month before the proposed vesting date.

On the new vesting date you may purchase annuity for the full Fund Value or commute up to one third of the Fund Value as tax free lump sum and the balance may be used for the purchase of an annuity. The annuity may be purchased from us or from any other registered life insurance company.

Who can buy this product?

Reliance Super Golden Years Plan - Plus

- Minimum age at entry:** 18 years last birthday
- Maximum age at entry:** 59 years last birthday
- Minimum age at vesting:** 45 years last birthday
- Maximum age at vesting:** 64 years last birthday
- Minimum policy term:** 5 years or up to age 45 years, if later
- Minimum Sum Assured:** 5 times of the Annualised Premium
- Maximum Sum Assured:** 50 times of the Annualised Premium

What if I want to discontinue paying premiums, but continue the policy?

Discontinuance before payment of premiums for at least 3 full years from the inception of the policy: The Life Cover benefit of the basic plan and rider benefit, (if chosen), will cease immediately. However, you will continue to participate in the performance of unit funds.

You may revive the policy by re-commencing premium payments. In the event the policy is not revived within the revival period of 2 years, the policy shall be terminated and the surrender value if any shall be paid at the end of the revival period.

Discontinuance after payment of premiums for at least 3 full years' from the inception of the policy: The rider benefit (if selected) under the policy will cease immediately on non-payment. The in-built life cover insurance benefit under the policy will continue till the period allowed for revival of 2 years by levying appropriate charges. At the end

of 2 years from the date of the first unpaid premium, if the policy is not revived, the policy shall be terminated by paying the surrender value. However, if opted for by the policyholder, the insurance cover under a policy can be continued by levying appropriate charges. This insurance cover shall continue so long as the fund value does not fall below an amount equivalent to one full year's premium. The policy will continue to participate in the performance of unit funds chosen by the policyholder. When the fund value reaches an amount equal to one full year's premium plus surrender charge, if any, the policy will be terminated by paying the surrender value.

If at any point of time, the fund value is less than the mortality charge for the next month, the policy will be foreclosed by paying the fund value.

Revival

You may revive a policy by paying the arrears of premiums and recommencing the payment of premiums at any time within a period of 2 years from the due date of first unpaid premium but before the maturity date of the policy subject to satisfactory medical and financial underwriting.

If the basic plan is revived, the riders can be revived by paying the arrears of premiums with interest at the prevailing rate of interest. The current rate of interest is 9.5% p.a. This will be subject to satisfactory medical and financial underwriting.

What if I want to discontinue the policy?

You may surrender your policy after three years from date of commencement of the policy. The surrender value we will pay is a percentage of your Fund Value according to the following table:

Year of policy surrender	Surrender value as a percentage of the Fund Value
First 3 years	Nil
4th policy year	90%
5th policy year	95%
6th and subsequent policy year	100%

For Top up, the surrender value will be acquired immediately on payment of top up. However, it will be payable on completion of three years from the date of payment of Top Up (this condition will not apply if the top-up premiums are paid during the last three years of the contract). There is no surrender charge on the top ups. The surrender value is therefore equal to the fund value under the top ups. In case of surrender of the basic policy after 3 years, the surrender value of top-ups is paid immediately.

Are there any flexible premium payment modes?

For your convenience, we have provided a choice of 4 premium payment modes namely, Yearly, Half-Yearly,

Quarterly and Monthly. The minimum installment premium is Rs. 10,000, Rs. 5,000, Rs. 2,500 and Rs 1000 respectively. The minimum top-up premium is Rs 2,500.per top-up.

Grace Period

A grace period of 30 days (15 days for monthly mode) is allowed for payment of due premiums.

Charges and Recovery of Charges under the plan:

1 Premium allocation Charge:

The allocation charges are deducted as percentage of premium (regular or top - up as the case may be) before allocation of units.

Allocation charge for the First year is given in the table below:

First Year premiums (Rs.)	Allocation Charge as a percentage of annual premium
10000 - 20000	15%
20001 and above	10%

Subsequent premiums 5%

Top up premiums 5%

2. Mortality Charges: The mortality charges are determined using the premium rates given below and are deducted by cancellation of units monthly in advance.

Age last birthday (years)	Mortality Charges per Rs.1,000 Sum Assured.	Age last birthday (years)	Mortality Charges per Rs.1,000 Sum Assured.	Age last birthday (years)	Mortality Charges per Rs.1,000 Sum Assured.
18	1.03	34	1.48	50	6.08
19	1.08	35	1.58	51	6.74
20	1.12	36	1.69	52	7.46
21	1.15	37	1.82	53	8.23
22	1.18	38	1.97	54	9.05
23	1.21	39	2.15	55	9.92
24	1.23	40	2.37	56	10.85
25	1.25	41	2.57	57	11.73
26	1.27	42	2.76	58	12.64
27	1.28	43	2.99	59	13.76
28	1.28	44	3.27	60	15.11
29	1.29	45	3.60	61	16.66
30	1.29	46	3.99	62	18.43
31	1.30	47	4.43	63	20.42
32	1.35	48	4.93	64	22.62
33	1.40	49	5.48		

Monthly rates are 1/12th of the annual rates. Mortality charges will be different for sub standard lives.

3. **Rider Premium Charge:** Premium for rider benefits will be collected over and above the premium under Basic Plan. The frequency of rider premium will be same as frequency of premium under basic plan.
4. **Fund Management Charges:**

Unit Linked Funds	Annual Rate*
Money Market Fund	1.50%
Balanced Fund	1.50%
Growth Fund	1.75%
Equity Fund	1.50%
Infrastructure Fund	1.50%
Energy Fund	1.50%
Midcap Fund	1.50%
Pure Equity Fund	1.50%

*The fund management charge is levied on daily basis at the time of computation of unit price.

5. **Switching Charge:** Fifty two free switch is allowed in each policy year. Subsequent switches if any will have a fixed charge of Rs. 100 per switch. Switching charge will be recovered by cancellation of units at the prevailing unit price.
6. **Surrender Charges:** The surrender charges as percentage of Fund Value are given below:

Year of policy surrender	Surrender charges as percentage of fund value
1 to 3	100%
4	10%
5	5%
6 or more	Nil

Note: The surrender charge is not applicable on top-up premium units.

7. **Service Tax:** The service tax will be levied on Fund Management Charge, Allocation charges, Mortality charge, Switching charge and on Rider premium. The level and amount of this tax will be as declared by the Government from time to time. The current rate of service tax on risk premium is 10.30% (Service tax of 10% along with education cess of 3%).

The Service Tax on Fund Management Charge will be priced in the unit price of each Fund on a daily basis. The Service Tax on allocation charge will be deducted from the premium/contribution along with the allocation charge. The Service Tax on Mortality charge and Switching charge will be recovered by cancellation of units at the prevailing unit price. Service tax will also

be applicable for rider premium and has to be paid along with the rider premium.

8. **Charges levied by the Government in future:** In future the Company may decide to pass on any additional charges levied by the governmental or any statutory authority to the policyholder. Whenever the company decides to pass on the additional charges to the policy holder, the method of collection of these charges shall be informed to them.

Mortality charge, Switching charge and Service tax on these charges will be recovered by cancellation of units at the prevailing unit price. In the event that units are held in more than one Fund, the cancellation of units will be effected in the same proportion as the value of units held in each Fund. In case the fund value in any fund goes down to the extent that it is not sufficient to support the proportionate monthly charges, then the same shall be deducted from the fund value of the other funds.

Revision of charges:

The revision in charges if any (except the service tax) will take place only after giving three months notice to the policyholders and after obtaining specific prior approval of the IRDA. The service tax will be revised as and when notified by the Government.

If the policyholder does not agree with the modified charges, they shall be allowed to withdraw the units in the plans at the then prevailing unit value after paying surrender charge if any and terminate the Policy.

The Company reserves the right to change the Fund Management charge. However, the maximum FMC on any fund will be 2.50% p. a.

The switching charge option can be increased up to Rs.500 per transaction.

How safe is your investment?

Unit Linked Life Insurance products are different from the traditional insurance products and are subject to the following risk factors:

1. The contribution paid in unit linked insurance policies are subject to investment risks associated with capital markets and NAVs of the units may go up or down based on the performance of the fund and factors influencing the capital markets and the policyholder is responsible for his/her decisions.
2. "Reliance Life Insurance Company Limited" is the name of the company and "Reliance Super Golden Years Plan Plus" is only the name of the policy and does not in any way indicate the quality of the policy, its future prospects or returns.
3. The names of the Fund Option(s) do not in any manner indicate the quality of the Fund Option(s) or their future prospects or returns. The Fund Option(s) do not offer any guarantee or assure any guaranteed return;

4. Investments in Units are subject to market and other risks. Investment risk in investment portfolio is borne by the Policyholder. There is no assurance that the objectives of the Fund Option shall be achieved;
5. The Unit Price of the Units may fluctuate depending on factors and forces affecting the capital markets and the level of interest rates prevailing in the market;
6. Past performance of the Fund Options is not indicative of future performance of any of those Funds.
7. All Benefits payable under this Policy are subject to tax laws and other fiscal enactments in effect from time to time.
8. The Company reserves the right to suspend the Allocation, reallocation, cancellation and/or Switching of Units under extraordinary circumstances such as extreme volatility of assets, extended suspension of trading on stock exchange, natural calamities, riots and other similar events or force majeure circumstances.

Tax Benefit:

Premium paid under Reliance Term Life Insurance Benefit Rider and Reliance Accidental Death and Total and Permanent Disablement Rider are eligible for tax deduction u/s 80C of the Income Tax Act, 1961, provided the annual premium during the year does not exceed 20% of the Sum Assured, subject to conditions. Premium paid under Reliance Major Surgical Benefit Rider and Reliance Critical Conditions (25) Riders are eligible for tax deduction u/s 80D of the Act, subject to conditions. The benefits under this plan and riders are tax exempt u/s 10 (10D) of the Act subject to conditions. Please note that all benefits payable under the policy are subject to tax laws and other financial enactments as they may exist from time to time. You are recommended to consult your tax advisor.

Nomination: Nominations will be allowed under this plan as per Section 39 of the Insurance Act, 1938.

General Exclusion:

If the life insured, whether sane or insane, commits suicide within 12 months from the date of commencement of this policy or the date of any revival of the policy the company will limit the death benefit to the Fund Value and will not pay any insured benefit.

15 Day Free Look Period:

In case the Policy holder disagrees with any of the terms and conditions of the policy, he may return the policy to the Company with 15 days of its receipt for cancellation, stating his/her objections in which case the company will refund an amount equal to the non allocated premium plus the charges levied by cancellation of units plus fund value as on the date of cancellation, less the proportionate premium for the period the company has been on risk and the expenses incurred by the company on medical examination and stamp duty charges.

About us

Reliance Life Insurance Company Limited offers you products that fulfill your savings and protection needs. Our aim is to emerge as a transnational Life Insurer of global scale and standard.

Reliance Life Insurance is an associate Company of Reliance Capital Limited, a part of Reliance Anil Dhirubhai Ambani Group. Reliance Capital is one of India's leading private sector financial services Companies. Reliance Capital has interests in asset management and mutual funds, stock broking, life and general insurance, proprietary investments, private equity and other activities in financial services. Reliance Anil Dhirubhai Ambani Group also has presence in Communications, Energy, Natural Resources, Media, Entertainment, Healthcare and Infrastructure.

Prohibition of Rebate: Section 41 of the Insurance Act, 1938 states:

1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the Policy, nor shall any person taking out or renewing or continuing a Policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

2) Any person making default in complying with the provisions of this Section shall be punishable with a fine, which may extend to five hundred rupees.

Section 45: Policy not to be called in question on ground of mis-statement after two years

1) No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that statement made in the proposal or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to the issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policy-holder and that the policy-holder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose:

2) Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

- The premium paid in Unit Linked Life Insurance policies are subject to investment risks associated with capital markets and the NAVs of the units may go up or down based on the performance of fund and factors influencing the capital market, and the insured is responsible for his/her decisions.
- Reliance Life Insurance Company Limited is only the name of the Insurance Company and Reliance Super Golden Years Plan Plus is only the name of the unit linked life insurance contract and does not in any way indicate the quality of the contract, its future prospects or returns.
- Tax laws are subject to changes with retrospective effect and consulting a tax expert for an opinion is recommended.

...now, or in
the future
