Benefits in detail

Bonus

Compounded Reversionary Bonus, if any, will be declared annually and shall apply as a percentage of Base Sum Assured and accrued Reversionary Bonus, if any. Once declared they form part of the guaranteed benefits under this Policy.

Compounded Reversionary bonus once declared shall accrue to the Policy provided the Policy is not in lapse or paid-up status.

For fully paid-up policies with Policy Term of 10, 12, 13 or 15 years, Terminal Bonus (if any) shall be payable on maturity, death or surrender from end of Premium Paying Term. For Policy Term of 17 and 20 years, Terminal Bonus (if any) shall be payable on maturity, on death or surrender from end of 10th Policy year, provided all due premiums have been paid till end of 10th Policy year.

Please note that Reversionary Bonus and Terminal Bonus (if any) are not guaranteed benefits and will be declared by the Company from time to time and will depend on the profits of the Participating Fund of the Company.

Maturity Benefit

On survival of the Life Assured till the end of the Policy Term, provided the policy is in-force and all due premiums have been paid, the aggregate of the following benefits will be payable:

- Sum Assured on Maturity
- Accrued Compounded Reversionary Bonus (if any)
- Terminal Bonus (if any)

Sum Assured on Maturity is equal to the Base Sum Assured for this Policy.

On payment of the maturity benefit, the policy shall terminate, and no other benefits will be payable.

Settlement Option

You may choose the Settlement Option to convert a part or whole of the Maturity Benefit into a level stream of payments. In case you opt for the Settlement Option, we will make the payouts subject to the following terms and conditions and the Policy will terminate on payment of the final installment:

- You have the flexibility to decide the Settlement Benefit Amount (proportion of your Maturity Benefit to be payable as Settlement Option).
- The Maturity Benefit less the chosen Settlement Benefit Amount will be payable as a lump sum at maturity of the Policy.
- You may choose a Settlement Benefit Period of 5, 10 or 15 years. The Settlement Benefit Period, once chosen, cannot be altered at a later date.
- You may choose to receive the Regular Income in annual, half-yearly, quarterly or monthly frequencies in arrears subject to a minimum Regular Income of ₹5000.
- Change of Regular Income frequency is allowed on subsequent anniversary after commencement of Settlement Option.

- The Regular Income will be derived based on the Settlement Benefit Amount, Settlement Benefit Period, the Regular Income frequency opted for and the Settlement Benefit Base Rate prevailing at the time of Policy maturity (refer to table below).
- The Regular Income will remain fixed throughout the Settlement Benefit Period and no bonus shall accrue during the Settlement Benefit Period.
- The Settlement Option will not be available if the prevailing 10-Year Benchmark G-Sec yield is below 4.16% p.a. In such a case, the maturity benefit will be paid out as a lump sum amount.
- There is no life insurance cover during the Settlement Benefit Period. In case of death of the policyholder during the Settlement Benefit Period, the nominee will have the option of continuing to receive the Regular Income as before or receive the discounted value of the remaining Regular Income(s) as a lump sum. The discount rate shall be equal to the revival interest rate used by the company from time to time. On such payment, the Policy will terminate.
- Policy loan will not be available during the Settlement Benefit Period. At any time during the Settlement Benefit Period but at least three months prior to the next Policy anniversary, the policyholder may request for full withdrawal of remaining Regular Income(s). On such request, we will pay the discounted value of the remaining Regular Income(s). The discount rate shall be equal to the revival interest rate. On such payment, the policy will terminate.
- Settlement Option will not be applicable for Surrendered policies.

Calculation of Regular Income:

Settlement Benefit Period	Settlement Benefit Base Rate	Regular Income
5 years	Prevailing 10-year Benchmark G-Sec Interest Rate less 0.20%	(Settlement Benefit Amount multiplied by Conversion Rate) divided by (1000 multiplied by Installment Frequency Factor)
10 years	Prevailing 10-year Benchmark G-Sec Interest Rate less 0.20%	
15 years	Prevailing 10-year Benchmark G-Sec Interest Rate less 0.05%	

- For policies opting for Settlement Option, the "Prevailing 10-year Benchmark G-Sec Rate" will be the rate on the first working day of the quarter preceding the calendar quarter in which the Policy Maturity Date falls.
- Settlement Benefit Base Rate shall be rounded down to the nearest 25 bps before determining the Regular Income payable.
- Instalment Frequency Factor will be 1 (Annual), 2 (Half-yearly), 4 (Quarterly) & 12 (Monthly).
- For more details on Illustrative Conversion Rates, please refer to the Policy terms and conditions.
