Benefit Option

You can choose your level of protection by selecting one of the below benefit options:

1. Life Option:

In case of death of the Life Assured during the policy term, provided the policy is in force, death benefit equal to the Sum Assured on Death will be payable as a lump sum to the nominee and the policy shall terminate.

No benefit is given if the Life Assured survives until maturity.

2. Life Plus Option:

In addition to the benefits under the Life Option, if the Life Assured survives until maturity, a maturity benefit equal to 100% of the total premiums paid will be paid.

Death Benefit

If the Life Assured passes away, Death benefit as specified below shall be payable to the Claimant(s). Death Benefit is higher of:

- Sum Assured on Death
- 105% of the Total Premiums Paid as on date of death of Life Assured

Where, Sum Assured on Death is equal to higher of Base Sum Assured or 11 times the applicable Annualized Premium.

Death Benefit Payout Option

The plan offers three Death Benefit payout options; the claimant can choose one at claim stage, else Lumpsum payout will apply by default.

Lumpsum Payout

Entire Death Benefit amount less InstaPayout on Claim, if any, will be payable in lumpsum

Income Payout

- Death Benefit (less InstaPayout, if any) is paid as monthly income.
- Paid for a fixed period of 120 months.
- Starts immediately from date of claim approval.

Lumpsum + Monthly Income

- Death Benefit (after InstaPayout, if any) can be split into lumpsum + monthly income, as per claimant's choice.
- At least 25% of the post-InstaPayout amount must be taken as monthly income.
- Monthly income is paid for a fixed period of 120 months.
- Payments start immediately from the date of claim approval.

Monthly Income =
$$\frac{Remaining\ Death\ Benefit \times i \times (1+i)^{119}}{\left((1+i)^{120}-1\right)}$$
 where, i = interest rate = (1+ (Benchmark\ Rate - 1%)) (1/12) - 1

Benchmark Rate is equal to RBI Bank Rate & Remaining Death Benefit = Death Benefit less Insta Payout, if any, less Lumpsum Benefit (if any).

Monthly income is based on the Benchmark interest rate at the time of claim approval, reviewed quarterly and adjusted only if it changes by 50 bps or more. Once payouts start, no changes are allowed, but claimants may commute future income into a lumpsum at the same rate.

Insta-Payout – Key Conditions

If Life Assured dies after 3 policy years or revival date (whichever is later):

- An accelerated benefit of ₹1 lakh is paid within 2 working days, subject to submission of all mandatory documents.
- The remaining Death Benefit is paid after claim approval.

For accidental death after 1 policy year, InstaPayout is also applicable, if the policy is in force.

<u>InstaPayout – Conditions at Claim Intimation</u>

- Benefit is payable only if the policy is in-force at the time of death of the Life Assured.
- If the claim is rejected due to fraud, misstatement, or suppression of material facts (as per Section 45 of the Insurance Act), the claimant must refund the InstaPayout, failing which legal action may be taken.
- InstaPayout is not applicable on Rider benefits, if any.

For Life Plus variant

 On survival of the Life Assured till the end of the policy term, provided the policy is in force, the Sum Assured on Maturity which is equal to 100% of Total Premiums Paid shall be payable.

 No benefit is payable on maturity.
