Reliance Nippon Life Group Credit Protection Plus

Level Cover

Cover Amount payable on death remains constant during the Cover Term

Decreasing Cover

Cover Amount payable on death decreases, post Moratorium Period if applicable, during the Cover Term

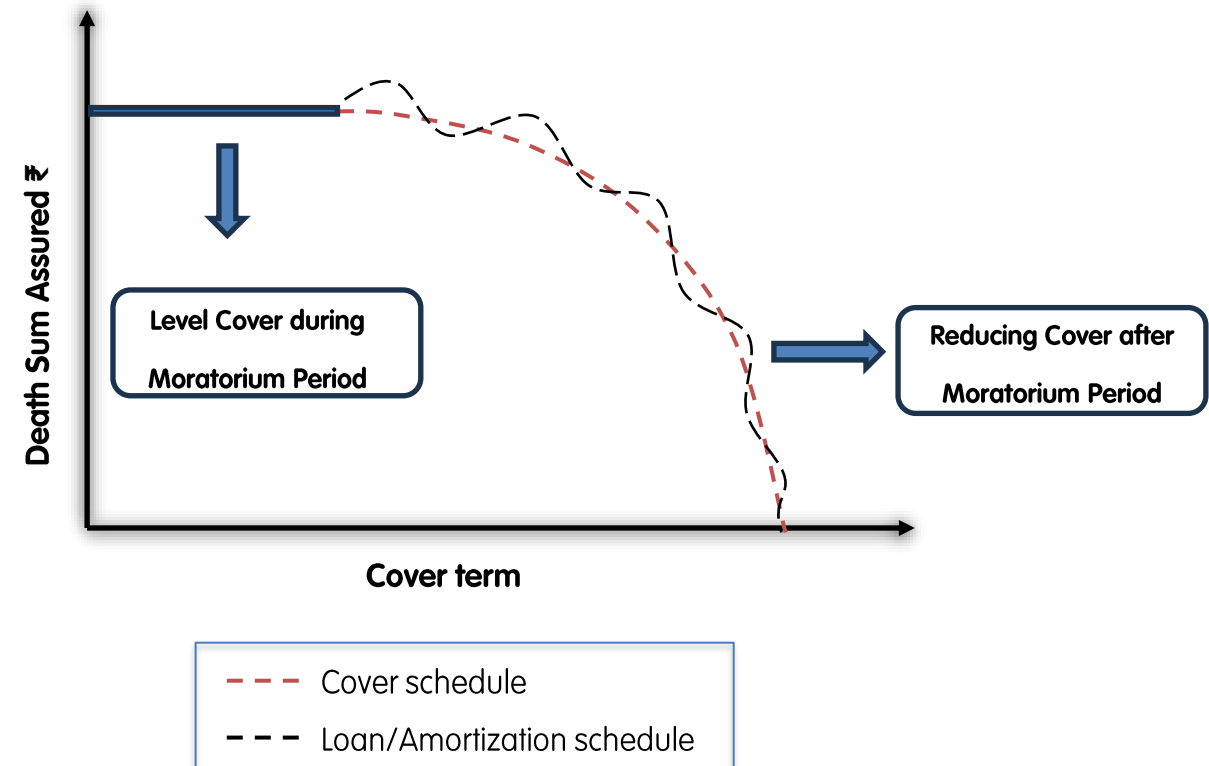

You have the flexibility to choose ANY ONE of the available option at the time of Inception of the Policy

Cover for Moratorium Period (1/2)

This option is available for those Members who have opted for Moratorium Period and is only available under Decreasing Cover Option. Minimum of 3 months to a maximum of 96 months (8 years) is allowed. The Moratorium Period chosen by an Insured Member will be specified in the COI issued to the Insured Member.

If interest is paid by the insured member

- The Sum Assured/Cover Amount during the Moratorium Period remains constant and is equal to the Sum Assured/Cover Amount at inception. Thereafter, it will reduce each month till the end of the Cover Term.

Cover for Moratorium Period (2/2)

If interest is accrued during the moratorium period

- The Sum Assured/Cover Amount during the Moratorium Period remains constant and is equal to the Sum Assured/Cover Amount at inception plus total interest to be accrued during the Moratorium Period. Thereafter, it will reduce each month till the end of the Cover Term.

➤ Single Life Basis:

In the event of death of the Insured Member during the Cover Term, provided that the Cover is in force, the Death Benefit shall be payable as per the Cover Schedule specified in the COI. Upon death of the Insured Member, the Insurance Cover shall terminate immediately for that Insured Member.

➤ Joint life Basis:

In the event of death of any of the Insured Members covered under this option during the Cover Term, provided that the Cover is in force, the Death Benefit will be payable as per the Cover Schedule specified in the COI.

In case claim is paid for one Member, Insurance Cover ceases for the surviving joint life Member. If the insured event is triggered on both Members covered under the COI at the same time, only one benefit equal to Sum Assured/Cover Amount shall be payable as stated on the COI.

➤ Loan Share Basis:

In case of death of an Insured Member (Co-borrower) covered under Loan Share Basis during the Cover Term, the Death Benefit will be payable as per the Co-Borrower's Cover Schedule specified in the COI. The Insurance Cover for the remaining Co-Borrower(s) will continue as per the terms outlined in their respective COIs.

Surrender by Master Policyholder:

The Master Policyholder can surrender the Master Policy at any point in time. In the event of surrender of the Master Policy, no surrender benefit is payable to the Master Policyholder. However, an option shall be given to Insured Member(s) to continue the Cover till the end of Cover Term.

- Option for Insured Member to continue with the Cover

In the event the Insured Member(s) decides to continue the Cover, then the same needs to be communicated to the Insurer by the Master Policyholder/Insured Member (as applicable). The Cover for the Insured Member will continue with original terms and conditions.

Once the Master Policy is surrendered by the Master Policyholder, Exit Value shall be payable with respect to those Insured Member(s) who do not opt to continue the Cover. On such payment of Exit Value, if any, the Insurance Cover of such Insured Member(s) will cease and all rights, benefits and interests under the Insurance Cover will stand extinguished.

Surrender Benefit (2/2)

Surrender by Insured Member:

The Insured Member has the right to surrender the Insurance Cover at any point in time and applicable Exit Value, if any shall be payable to the Insured Member. In case of foreclosure of loan, the Cover shall cease to exist from the date of foreclosure and the Exit Value, if any as on date of foreclosure shall be payable to the Insured Member.

Exit Value shall be calculated as per below formula:

$$50\% \times \text{Total Premium Paid} \times \frac{\text{Unexpired Policy Term (in Complete Months)}}{\text{Initial Policy Term (in Complete Months)}} \times \frac{\text{Current Sum Assured}}{\text{Initial Sum Assured}}$$

where,

Total Premium Paid means total premiums paid under Insurance Cover for Insured Member, excluding any extra Premium and taxes.

For Decreasing Cover, Current Sum Assured is Sum Assured/Cover Amount applicable in the month of surrender as per Cover Schedule set at inception of Insurance Cover,

For Level Cover, Current Sum Assured is equal to Initial Sum Assured. Initial Sum Assured is the Sum Assured at inception as per the Cover Schedule.

No Exit Value will be paid during the last 12 policy months of the Cover Term.

How does the Plan work? (1/6)

- The bank/financial institution providing the loan enters into agreement with the insurer and becomes the Master Policyholder (MPH).
- When a loan is sanctioned, the customer has the option to take insurance Cover under the Reliance Nippon Life Group Credit Protection Plus product and become a Member.
- The Member chooses the sum assured commensurate with the loan amount, Cover Option (Level or Decreasing) and Moratorium Period as per his/her needs.
- Cover Term of a Member can be less than or equal to the outstanding loan tenure, subject to availability of Cover Term.
- The insurer provides Certificate of Insurance (COI) to the Member after acceptance of proposal, once risk cover is accepted and premium is received by us.
- In the event of death of the Insured Member within the Cover Term, The Death Benefit payment only to the extent of the outstanding loan amount, subject to the maximum of the Cover Schedule, as on the date of the death of the Insured Member(s) shall be paid to the Master Policyholder. The remaining Death Benefit, if any shall be paid to the Claimant.
