Reliance Total Investment Plan Series II - Pension

Reliance Total Investment Plan Series II - Pension

Often we notice in our own lives and those of others, how the smallest alteration makes us change our dreams. And sometimes, we are even forced to let go of these very dreams that have been the cause of hope and happiness in our lives. All of us desire a security, a security that will not just help us hold on to our dreams, but also make them larger and fulfill them. It is this security that Reliance Life Insurance Company Limited promises to bring to you with its Total Investment Plan Series II - Pension.

To know more, read further...

Reliance Total Investment Plan Series II - Pension

UNDER THIS PLAN THE INVESTMENT RISK IN THE INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER.

We value your dreams in this journey of life. Reliance Total Investment Plan Series- II Pension (TIPS-II Pension) are the eyes to let you see them becoming reality.

Your need for investment keeps changing at different stages of life. We promise to walk through every need with you in the span spent with us and ever beyond that and so on...

Whether it is start of your career, your marriage, birth of child, education of children, their marriage, your old age requirements everywhere you would find Reliance Total Investment Plan Series II – Pension assisting you financially and thereby providing relief mentally too in totality.

Utilize our multifarious flexibility options at par as per your convenience.

As you progress on this ladder of life we provide you the platform to increase your investment component. With the Reliance TIPS- II Pension you can meet all your financial needs, without the complexity of managing multiple products.

This is a Single premium unit linked pension plan with options to purchase the same plan with reduced allocation charges in subsequent policy years. Since more premium is allocated towards investment due to lower allocation charges on subsequent purchases greater would be the returns. Purchasing the same plan in the subsequent years is an option.

1st purchase would be called as "Classic"

2nd purchase would be called as "Silver"

3rd purchase would be called as "Gold"

4th purchase would be called as "Diamond"

5th purchase would be called as "Platinum"

Once the client purchases the first policy there will full flexibility for the client as to when second and subsequent purchase can be made and how much premium should be paid for each purchase subject to the following:-

- 1. The minimum premium on each purchase should be at least Rs.25,000
- 2. The maturity date on each purchase can not exceed 70 years.
- 3. All the polices should mature on maturity date of the first purchase.
- 4. The term of the polices purchased during second, third, fourth and fifth policy years will be 9, 8, 7 and 6 respectively.
- New policy can be purchased only if all the previous polices are in force on the date of purchase of new policy.

1. Plan Objective:

The pace setter plan with unmatched flexibility which gives

- Tax benefit under Sec. 80CCC of Income Tax Act 1961
- Investment opportunity with flexibility
- Control over your investments

2. How does this Plan work?

As a customer you will have the liberty to choose fund mix out of eight fund options. The premium you pay would be invested, net of Premium Allocation Charges, in fund or mix of funds of your choice and units are allocated depending on the price of units for the fund/funds.

Allocation charges would vary as stipulated in the table below:

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Allocation Charge as percentage of Single Premium	5%	4%	3%	2%	1%

3. Benefits

The benefits under this plan are mentioned below:

3.1 Maturity Benefit

On maturity of the policy, the fund value of basic plan along with the fund value of any attaching Top-ups is payable.

On Maturity / Vesting:

- 1) The policyholder can purchase Annuity Plan for full Fund Value.
- The policyholder may commute up to one third of Fund Value as lump sum and the balance can be used for the purchase of annuity
- Open Market Option: Policyholder can purchase an annuity either from Reliance Life Insurance Company Limited or from any other registered life insurance company.

The policy will be terminated on maturity.

3.2 Death Benefit:

On death of the policyholder, the fund value of basic plan along with the fund value of any attaching Top-ups is payable. The fund value will be calculated on the date of intimation of death to the Company.

The spouse (or nominated beneficiary) of the policyholder may take the death benefit as a lump sum or apply the benefit to purchase an annuity from Reliance Life Insurance Company Ltd. or from another registered life insurance company

The policy terminates on payment of the death benefit

3.3 Surrender of the policy

The surrender value under the policy is acquired immediately on payment of the Single Premium. However, it is payable only after completion of three policy anniversaries. The surrender value under the basic plan is equal to the fund value.

Whenever the surrender value of the basic plan is paid, the surrender value of any attaching Top-ups will also be paid.

The surrender value under Top-ups is equal to the fund value under Topups. There are no surrender charges.

4. Investment Options

We understand the value of your hard earned money and in our endeavour to help you grow your wealth, we offer you eight fund options namely Equity Fund, Corporate Bond Fund, Gilt Fund, Money Market Fund, Infrastructure Fund, Energy Fund and Midcap Fund and Pure Equity Fund. On commencement of the policine Premiums will be invested in any or mix of all the available funds.

The fund options available under the plan, investment objective, risk profile and asset allocation for various funds are detailed in the table below:

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
Equity Fund	Provide high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is 'high.'	Corporate bonds and other debt instruments/Bank deposits/Money market instruments* Equities	0 - 100	100
Corpo - rate Bond	Provide returns that exceed the inflation rate, while taking some credit risk (through investments in corporate debt instruments) and maintaining a moderate	Money market instruments* incl. liquid mutual funds and bank deposits	0 - 40	100
	probability of negative return in the short term. The risk appetite is 'low to moderate.'	Corporate bonds/ debentures and other debt instruments excluding money market instruments	60 - 100	100
Money Market Fund*	Maintain the capital value of all contributions (net of charges) and all interest additions, at all times. The risk appetite is 'low'.	Money market instruments* incl. liquid mutual funds and bank deposits	100	100

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
Gilt Fund	Provide returns that exceed the inflation rate, without taking any credit risk (sovereign risk	Central Government securities (Gilts)	20 - 100	80
only) and maintaining a low probability of negative return in the short term. The risk appetite is 'low to moderate.'		Other government securities including securities with unconditional Central Government guarantee	0 - 40	20
		Money market instruments* incl. liquid mutual funds and bank deposits	0 - 40	
Infrast- ructure Fund	Provide high rate of return in the long term through high exposure to equity investments in Infrastructure and allied sectors, while recognizing that there is a significant probability of negative returns in the short term. The risk appetite is 'high.'	Corporate bonds and other debt related instruments/Banks deposits/Money market Instruments*	0 - 100	100
	The risk appetite is high.	Equities in Infrastructure and allied sector	5 100	100
Energy Fund Fund fund for germ through high exposure to equity investments in Energy and allied sectors, while recognizing that there is a significant probability of negative		Corporate bonds and other debt related instruments / Banks deposits/ Money market Instruments*	0 - 100	0
	returns in the short term. The risk appetite is 'high.'	Equities in Energy and allied sector	0 - 100	100
Midcap Fund Fund for equity investments in Midcap companies, while recognizing that there is significant probability of negative returns		Corporate bonds and other debt related instruments /Banks deposits/ Money market Instruments*	0 - 100	0
	in the short term. The risk appetite is 'high.'	Equities predominantly in Midcap companies	0 - 100	100
Pure Equity Fund	Provide high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is high	Equities in sectors other than banks and non-banking financial companies, breweries, distilleries, alcohol based chemicals, cigarettes, tobacco, entertainment, leather, sugar and hatcheries	60 -100 0 - 40	0
		and other debt instruments/ Bank deposits/ Money market instruments*	0 - 40	J

^{*}Investments in money market instruments shall not exceed 40%

Whilst every attempt would be made to attain target levels prescribed above, it may not be possible to maintain the prescribed 'target' at all times owing to market volatility, availability of market volumes and other related factors. The 'target' may be attained on a 'best effort' basis. However, the asset allocation will always fall within the asset allocation range mentioned in respect of each fund

5. Allocations and Redemptions

5.1 Premium Allocations

The Company applies Premiums to allocate units in one or more of the unit linked funds in the proportions which the policyholder specifies. The allotment of units to the policyholders will be done only after the receipt of Premium proceeds as stated below.

In case of new business, units shall be allocated on the day proposal is completed and results into a policy by adjustment of application money towards Premium.

5.1.1 Value of Units:

The unit price of each Fund will be the unit value calculated on daily basis.

Total Market Value of assets plus/less expenses incurred in the purchase/sale of assets plus Current Assets plus any accrued income net of fund management charges less Current Liabilities less Provision

Unit Value =

Total Number of units on issue (before any new units are allocated/redeemed)

5.1.2 Uniform cut-off timings for applicability of Net Asset Value

In respect of Premiums received or funds switched up to 3.00 p.m. by the Company along with a local cheque or a demand draft payable at par at the place where the Premium is received, the closing unit price of the day on which the Premium is received or funds switched, shall be applicable.

In respect of Premiums received after 3.00 p.m. by the Company along with a local cheque or a demand draft payable at par at the place where the Premium is received, the closing unit price of the next business day shall be applicable.

In respect of Premiums received with outstation cheques or demand drafts at the place where the Premium is received, the closing unit price of the day on which cheques/demand draft is realised shall be applicable.

5.2 Redemptions:

In respect of valid applications received (e.g. surrender, maturity claim, etc) up to 3.00 p.m. by the insurer, the same day's closing NAV shall be applicable.

In respect of valid applications received (e.g. surrender, maturity claim, etc) after 3.00 p.m. by the insurer, the closing NAV of the next business day shall be applicable.

The unit price for each segregated fund provided under this product shall be made available to the public in the print media on a daily basis. The unit price will also be displayed in the web portal of the Company.

6. Fund Valuation:

The value of the fund at any time will be equal to the no of units allocated multiplied by the Net Asset Value (NAV) of each unit in the fund.

The computation of NAV will be based on whether the Company is purchasing (appropriation price) or selling (expropriation price) the assets in order to meet the day to day transactions of unit allocations and unit redemptions i.e. the Company shall be required to sell/purchase the assets if unit redemptions/allocations exceed unit allocations/redemptions at the valuation date.

The Appropriation price shall apply in a situation when the Company is required to purchase the assets to allocate the units at the valuation date. This shall be the amount of money that the Company should put into the fund in respect of each unit it allocates in order to preserve the interests of the existing policyholders.

The Expropriation price shall apply in a situation when the Company is required to sell assets to redeem the units at the valuation date. This shall be the amount of money that the Company should take out of the fund in respect of each unit it cancels in order to preserve the interests of the continuing policyholders.

7. Computation of Net Asset Value (NAV):

When Appropriation price is applied: The NAV for a particular fund shall be computed as: Market value of investment held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any new units are allocated), gives the unit price of the fund under consideration.

When Expropriation price is applied: The NAV for a particular fund shall be computed as: Market Value of investment held by the fund less the expenses incurred in the sale of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are redeemed), gives the unit price of the fund under consideration.

In case the valuation day falls on a holiday, then the exercise will be done the following working day.

We reserve the right to value less frequently than every day in extreme circumstances, where the value of the assets may be too uncertain. In such circumstances we may defer valuation of assets until normality returns. Examples of such circumstances are:

- a) When one or more stock exchanges which provide a basis for valuation for a substantial portion of the assets of the fund are closed otherwise than for ordinary holidays
- b) When, as a result of political, economic, monetary or any circum stances out of our control, the disposal of the assets of the unit fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining unit holders.
- c) During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing unit holders of the fund.
- d) In the case of natural calamities, strikes, war, civil unrest, riots and bandhs.
- In the event of any force majeure or disaster that affects our normal functioning.
- f) If so directed by the IRDA.

8. Options Available Under the Plan

8.1 Option to Purchase additional polices

Policy holder can purchase the same plan for the next four subsequent years, with reducing allocation charges.

1st purchase would be called as "Classic"

2nd purchase would be called as "Silver"

3rd purchase would be called as "Gold"

4th purchase would be called as "Diamond"

5th purchase would be called as "Platinum"

The policy term will be fixed. The first policy purchased by the client will have policy term of 10 years. The policy term of subsequent polices will vary from 9 to 6 years as mentioned in the following table.

Policy year of First Purchase	1	2	3	4	5
Policy term	10	9	8	7	6

After you purchase "Classic" policy, there will be an option of buying "Silver" policy of policy term 9 years during the second policy year provided the "Classic" policy is in force at the time of purchase of "Silver" policy".

If you do not exercise the option to purchase "Silver" policy during the second policy year, the option can be exercised during third, fourth or fifth policy years provided the Classic policy is in force at the time of purchase of "Silver" policy. The policy term of "Silver" policy purchased during third, fourth and fifth policy year will be 8, 7 and 6 respectively.

After you purchase "Silver" policy, you will have the option of buying "Gold" policy of policy term 8 years during the third policy year provided the "Classic" and "Silver" policies are in force at the time of purchase of "Gold" policy.

If you do not exercise the option to purchase "Gold" policy during the third policy year, the option can be exercised during fourth or fifth policy years provided the "Classic" and "Silver" policies are in force at the time of purchase of "Gold" policy. The policy term of "Gold" policy purchased during fourth and fifth policy year will be 7 and 6 respectively.

After you purchase "Gold" policy, you will have the option of buying "Diamond" policy of policy term 7 years during the fourth policy year provided the "Classic", "Silver" and "Gold" policies are in force at the time of purchase of "Diamond" policy.

If you do not exercise the option to purchase "Diamond" policy during the fourth policy year, the option can be exercised during fifth policy years provided the "Classic", "Silver" and "Gold" policies are in force at the time of purchase of "Diamond" policy. The policy term of "Diamond" policy purchased during fifth policy year will be 6.

After you purchase "Diamond" policy, you will have the option of buying "Platinum" policy of policy term 6 years during the fifth policy year provided the "Classic", "Silver", "Gold" and "Diamond" policies are in force at the time of purchase of "Platinum" policy.

If you do not exercise the option to purchase "Platinum" policy during the fifth policy year, the option can not be exercised later on.

8.2 Switching

You have the flexibility to alter the allocation of your investments among the funds/plans offered in order to suit your changing investment needs by easily switching between the funds/plans. At any time during the policy term, you may instruct the Company, in writing, to switch some or all of the units from one unit linked fund to another. The Company will give effect to this switch by cancelling units in the old fund and allocating units in the new fund. In respect of switching requisition received up to 3.00 p.m. by the Company, the closing unit price of the day shall be applicable. In respect of switching requisition received after 3.00 p.m. by the Company, the closing unit price of the next business day shall be applicable. You are entitled to fifty two free switches each policy year. Unused free switches cannot be carried forward to a following year.

8.3 Top-up Premium

Whenever you have money to invest at any point in time, you can increase your investments by putting Top-ups, because keeping money idle is not wise. Top-ups are allowed under all the funds. Minimum Top-up Premium allowed is Rs.2500 while total Top-up Premium can not exceed 25% of the Single Premium paid at any point in time. Top-ups are allowed on each purchase.

8.4 Systematic Transfer Plan

Systematic Transfer Plan (STP) is available only for contributions to be invested in the Equity fund.

This facility will allow policyholder to invest the portion of Premium or Top-ups meant for Equity Fund initially into Gilt Fund and then systematically transfer (i.e automatically switch) every week (not less than 1/4 part of the amount initially invested) into Equity Fund option. On the date of realisation of the Single Premium cheque, units will be allocated in the Gilt Fund for the portion of Premium meant for Equity Fund. On each of the next four Systematic Transfer dates one-fourth of the STP units will be transferred to the equity fund automatically. The STP dates will be 7th, 14th, 21st & 28th of every month.

The STP option can be selected while paying the Single Premium or Top-up Premium. There are no charges for selection of STP option. Once it is selected STP option cannot be cancelled

8.5 Exchange Option

This option is available for existing "Reliance Total Investment Plan Series II-Pension" policyholders after completion of three policy years from the date of commencement. Under this option, the policy holder can transfer policy benefits (surrender, maturity etc.) either fully or partially to another plan wherein exchange option is available. This option must be exercised at least 30 days before the receipt of benefit under the policy. The terms and conditions as specified in the opted policy document would apply to the policy holder opting for the 'Exchange Option'. The new plan would be offered on the life of the policy holder.

If the policy holder is opting for transfers from other policies to "Reliance Total Investment Plan Series II - Pension" under exchange option, the allocation charge in the year of exchange will be reduced. The reduced allocation charges applicable in the year of exchange are stated under section 10.1 below.

If policy holder is opting to transfer from other policies to "Reliance Total Investment Plan Series II - Pension" - then:

- If he/she has not made classic purchase already under "Reliance Total Investment Plan Series II- Pension" then he/she would be eligible for Classic only.
- If he/she has already purchased Classic under "Reliance Total Investment Plan Series II-Pension" then he/she would be eligible for Silver and Classic as well.
- If he/she has already purchased Silver under "Reliance Total Investment Plan Series II-Pension" then he/she would be eligible for Gold, Silver and Classic as well.
- If he/she has already purchased Gold under "Reliance Total Investment Plan Series II-Pension" then he/she would be eligible for Diamond, Gold, Silver and Classic as well.
- If he/she has already purchased Diamond under "Reliance Total Investment Plan Series II-Pension" then he/she would be eligible for Platinum, Diamond, Gold, Silver and Classic as well.

This benefit of reduced allocation charges would only be available if and only if all previously purchased policies under "Reliance Total Investment Plan Series II-Pension" are in force. If any (or all) of the previously purchased policy (policies) is (are) surrendered then any fresh purchase would be treated as first purchase.

9. Policy Limits

Basic Plan	Minimum	Maximum		
Age at Entry (Last Birthday)	18 Years	Maximum entry age depends on the policy term		
2/2	_	Policy Term	Maximum entry age	
7,2,2,		10	60	
O.F.		9	61	
		8	62	
2000		7	63	
0 2		6	64	
Age at Maturity (Last Birthday)	28 Years	70 Years		
Premium (Single Premium)	Rs.25000	No Limit		
Sum Assured	Nil	Nil		
Policy Term	Policy term is fixed depending upon the policy year of first purchase			

The first policy purchased by the client will have policy term of 10 years. The policy term of subsequent polices will vary from 9 to 6 years as mentioned in the following table.

Policy Year of first Purchase	1	2	3	4	5
Policy term	10	9	8	7	6

10 Charges under the policy:

10.1 Premium Allocation Charges

These are deducted from Premiums as they are paid and are as follows:

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Allocation Charge as percentage of Single Premium	5.00%	4.00%	3.00%	2.00%	1.00%

Allocation charge for Top-up - 2%

Premium allocation charges in case of polices under Exchange option.

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Reduced Allocation Charge as percentage of Single Premium		2.50%	2.00%	1.50%	0.50%

Allocation charge for Top-up under Exchange option - 1%

10.2 Fund Management Charge:

The fund management charge is mentioned in the table below.

Fund Name	Annual Rate
Equity Fund	1.50%
Corporate Bond Fund	1.25%
Money Market Fund	1.25%
Gilt Fund	1.25%
Infrastructure Fund	1.50%
Energy Fund	1.50%
Midcap Fund	1.50%
Pure Equity Fund	1.50%
	5 7 / 5

10.3 Policy Administration Charge:

A monthly administration charge of Rs. 60 in the first year and Rs. 40 from year 2 onwards will be deducted by cancelling units in advance at the beginning of the month every year.

10.4 Surrender charge:

There are no surrender charges.

10.5 Switching charge:

The policy allows 52 free switches during any policy year. There will be switching charge of Rs. 100 per switch for subsequent switches

10.6 Miscellaneous Charge (Charge for Systematic Transfer Plan (STP) Option)

STP options can be selected only at the time of payment of Single Premium or Top-up Premium. There are no charges for selection of STP option. Once it is selected STP option cannot be cancelled.

11 Recovery of charges

11.1 Premium Allocation Charges

The Premium allocation charges are deducted as percentage of Premium before allocation of units.

11.2 Fund Management charges:

The Fund Management charges will be priced in the unit price of each Fund on a daily basis.

11.3 Policy administration charge

A monthly policy administration charge will be deducted by cancelling units at the prevailing unit price in advance at the beginning of the month.

11.4 Switching charge

Switching charge will be recovered by cancellation of units at the prevailing unit price.

In the event that units are held in more than one fund, the cancellation of units will be effected in the same proportion as the value of units held in each Fund. In case the Fund Value in any fund value goes down to the extent that it is not sufficient to support the proportionate monthly charges, then the same shall be deducted from the Fund Value of the other funds.

12 Revision in rate of charges

The revision in charges if any will take place only after giving three months notice to the policyholders and after obtaining specific approval of the IRDA. If the policyholder does not agree with the modified charges, they shall be allowed to withdraw the units in the plans at the then prevailing unit value after paying surrender charge if any and terminate the policy.

The Company reserves the right to change the Fund Management charge. However, the maximum FMC on any fund will be 2.50% p.a. The Policy Administrative charge is subject to revision at any time, but will not exceed Rs. 100 per month.

The Switching charge can be increased up to Rs. 500 per transaction. The Premium allocation charges are guaranteed for the term of the policy. It is also guaranteed that there will not be any Surrender charge throughout the policy term.

13 How safe is your investment

Unit Linked Life Insurance products are different from the traditional insurance products and are subject to the risk factors.

The Premium paid in Unit Linked life insurance policies are subject to investment risks associated with Capital Markets and the NAVs of the units may go up or down based on the performance of the fund and the factors influencing the Capital Market, and the policyholder is responsible for his/her decisions.

The Unit Price is a reflection of the financial and equity/debt market conditions and can increase or decrease at any time. Due to this benefit payable under the policy will vary. The benefit payment will be made according to the tax laws and other regulations in force at that time.

The name in the funds in no way indicates the returns derived from them.

Please note that "Reliance Life Insurance Company Limited" is only the name of the insurance company and "Reliance Total Investment Plan Series II – Pension" is only the name of the unit linked life insurance policy and does not in anyway indicate the quality of the policy or its future prospects or returns.

Equity Fund, Corporate Bond Fund, Money Market Fund, Gilt Fund, Infrastructure Fund, Energy Fund, Midcap Fund and Pure Equity Fund do not offer a guaranteed or assured return. The past investment performance of funds of the Company is not necessarily indicative of the future performance of any of these funds.

14 Tax Benefit

Contributions paid before vesting are tax deductible by policyholder under Section 80CCC (1) of The Act up to prescribed limits. The current limit is Rs.1,00,000 subject to overall limit of Rs.1,00,000 under Section 80C.

On vesting, the policy proceeds are used to purchase an immediate annuity either from Reliance Life Insurance Company Ltd. or from any other registered insurer on the terms available at that time.

On vesting, the poicyholder can commute up to 1/3rd of the policy proceeds. This commuted value is exempt for tax under section 10 (10A)iii of The Act.

The non-commuted pension taken in the form of an immediate annuity is currently taxable.

Any death benefits recveived under the policy before vesting are exempt from tax.

Please note that all benefits payable under the policy are subject to tax laws and other financial enactments as they may exist from time to time. You are recommended to consult your tax advisor.

15 Fifteen day Freelook period

In case the policyholder disagrees with any of the terms and conditions of the policy, he/she may return the policy to the Company within 15 days of its receipt for cancellation, stating his/her objections in which case the Company will refund an amount equal to the non allocated Premium plus the charges levied by cancellation of units plus Fund Value as on the date of receipt of the request in writing for cancellation.

16 About us

Reliance Life Insurance offers you products that fulfill your savings and protection needs. Our aim is to emerge as a transnational life insurer of global scale and standard.

Reliance Life Insurance is an associate company of Reliance Capital Ltd., a part of Reliance - Anil Dhirubhai Ambani Group. Reliance Capital is one of India's leading private sector financial services companies. Reliance Capital has interests in asset management and mutual funds, stock broking, life and general insurance, proprietary investments, private equity and other activities in financial services.

Reliance - Anil Dhirubhai Ambani Group also has presence in Communications, Energy, Natural Resources, Media, Entertainment, Healthcare and Infrastructure.

17 Prohibition of Rebate: Section 41 of the Insurance Act, 1938 states:

No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of Premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

(2) Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to five hundred rupees.

Section 45: Policy not to be called in question on ground of mis-statement after two years.

No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected, be called in question by an insurer on the ground that statement made in the proposal for insurance or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to the issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policyholder and that the policyholder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose.

Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
